

Dear Friend,

Patrick the Evangelist, who brought the true Gospel of Christ to the Irish, is an historical figure that needs to be heard in his own reverberating words and feelings. The heartbeat and the soul of Patrick was the Gospel in Christ Jesus. The facts presented in the DVD will no doubt be a revelation to many who, deluded by wrong representations, have not realized the body of believers which Patrick clearly represented, his message, and legacy are all Scriptural with no touch or trace of the rituals. With Patrick's day approaching and with the eyes of the world watching, I ask you to make the DVD on Patrick known to others. Just click on this URL, <http://www.youtube.com/watch?v=kCJpf71spQM>

A documented article on him is also on our Website at:

As an Irish man rejoicing in my heritage in Patrick,
